In LSC's Teen Summer Docent program, participants spend the summer learning STEM, visitor service skills, meeting guest speakers in the STEM field, and making new friends. The Teen Summer Docent program is open to students who are a rising sophomore, junior or senior in high school.
National Geographic Student Expeditions	www.ngstudentexpeditions.com	National Geographic Student Expeditions offers high school and middle school students from around the globe the opportunity to embark on small group summer programs over the world - focusing on Photography, Wildlife & Conservation, Archaeology & Ancient Culture, Film making, Creative Writing, Community Service, Climate & Geology, Marine Biology, and more. Our unique University Workshops allow students to work alongside National Geographic Explorers on themes such as Technology and Innovation, Engineering and Robotics, and Science and Storytelling, while experiencing life on a college campus. More information can be found at www.ngstudentexpeditions.com
New Jersey Institute of Technology-NJIT	njit.edu/precollege	The Center for Pre-College Programs at NJIT offers a series of academic summer programs for high achieving students from post 4th to post 11th grades designed to encourage and prepare students to succeed in the fields of science, technology, engineering and mathematics (STEM) and to pursue careers in STEM fields to minimize the shortage of engineers and scientists in the United States.
New York Times Student Journeys	http://www.nytimes.com/studentjourneys.com	New York Times Student Journeys offers opportunities for high school and middle school students to travel to newsworthy places and explore themes prominent in Times coverage—from tech innovation and entrepreneurship in Silicon Valley and South Korea and diplomacy in Moscow, Beijing, and Brussels, to the public land debate in the American Southwest and arts criticism in London. Each journey is joined by a New York Times journalist or Times-selected expert, allowing students to benefit from the organization's special understanding and insider's view as they dive into topics and destinations that capture their interest.
NextGen Bootcamp	nextgenbootcamp.com	NextGen is dedicated to educating high school students in programming and computer science through high-tech, hands-on courses. Students can choose from a variety of topics including App Development, Game Design, Web Development, or learn them all in our flagship 7-week Summer Code & Development Intensive. Additionally, Students can learn Java (with AP Computer Science Prep), and Python, or learn them both in our Software Engineering Summer Program.
Oxbow Summer Art Camp & Semester Program	oxbowschool.org	Live an artful life this summer! Join us for our engaging teen art-immersion program. Our 16-day sessions for rising 9th-12th graders will inspire you to discover and develop your art practice and sense of self. You will experience what it's like to live and make art in community of passionate teachers, learners, and creators. No portfolios or previous art training required—just the desire to dive in and see what happens!

Oxbridge Academic Programs	https://oxbridgeprograms.com/	For over 30 years, Oxbridge Academic Programs has organized summer programs around the world for students between the ages of 13 and 18 with a focus on intellectual enrichment and cultural immersion.
Putney	GoPutney.com	Since 1951, Putney Student Travel has offered high school and middle school students the opportunity and insight to shape their world through travel, unique cultural engagement, friendship, and fun. Our summer programs range from two to five weeks in length and include pre-college enrichment, community service, language immersion, adventure travel, and cultural immersion. We are particularly excited this year about returning programs in Cuba, Southeast Asia, and Patagonia, as well as new innovative high school additions such as Soccer in South Africa, adventures in China, and Cuba, and a Pre-College course at UCLA which will make 2018 our best summer yet. Parents of younger students will want to know about our camping expeditions in rural New England for 4th-6th graders.
Rein Teen Tours/Rein Community Service	www.reinteentours.com	Rein offers travel programs in the US, Australia & New Zealand and Europe. Along with Community Service & Global Adventures in Thailand, Ecuador, Costa Rica, & Hawaii. Rein also offers a unique Golf Program in California with some Community Service included.
Roots Israel/AMHSI	www.rootsisrael.org	Roots Israel is a global, three week service learning program, where teens travel the country, learn the history of the country all while doing hands on, meaningful volunteer work.
Rustic Pathways	rusticpathways.com	Adventure, community service and language immersion trips abroad in 17 countries! Immersive 1-3 week trips available for students age 12-18.
Rutgers-New Brunswick Pre-College Summer Programs	https://summersession.rutgers.edu/precollegeRU	Rutgers University-New Brunswick's pre-college summer programs offer a chance for you to study at one of the nation's top research universities. High-achieving high school students and gifted youth may take up to two introductory-level college courses for credit. Students ages 16-18 can choose from five intensive one-week residential academies.
Sail Caribbean	sailcaribbean.com	Students age 11 through 18 learn sailing, racing and seamanship while living coed with their own age group aboard 50-foot yachts and cruising the British Virgin and Leeward Islands. No prior experience is required. Our focus is on experiential learning, leadership training and personal growth. Scuba certifications, snorkeling, tubing, wakeboarding, kayaking, and island exploration. Marine biology and community service are built into every program. Students earn up to 30 service hours with projects including mentoring local youth and environmental conservation. High school academic credit available.
Sarah Lawrence Summer Programs	www.sarahlawrence.edu/summer	Residential and Commuter Summer Programs in Writing, Film, Game Design, and Social Justice for high school students on the campus of Sarah Lawrence College in Bronxville, NY
Savannah College of Art and Design	http://www.scad.edu/	SCAD is a unique, career-oriented university where artists and designers begin the journey of reaching their goals. As a private, nonprofit, accredited university offering more than 40 majors and 75 minors from which to choose, exceptional facilities and technology, professors who are luminaries in their fields, and locations around the world, SCAD is the university for creative careers.
Smart Alec	www.smartalec.com	Smart Alec has been helping Bergen County Academies students meet and exceed their academic and test prep challenges with expert private tutors since 2015. Dedicated to providing the highest quality private instruction, we handpick the brightest and most qualified tutors from colleges like Harvard, Yale, and Columbia. Students can find and book our tutors using our website or smart phone apps, making finding the right tutor easy and fun. For the summer, we offer private tutoring in the following subjects: SAT Prep, ACT Prep, College Counseling and Advising, in addition to all academic subjects.
Spring Lake Day Camp, Ringwood NJ	www.sldc.com	SLDC is a top quality day camp in Ringwood NJ. We are looking for fun, energetic, caring and mature staff who love working with children. Positions include counselors (17 years and older), lifeguards (16 years and older), and sports, arts, adventure, science, technology and nature specialists (17 years and older). With over 35 specialty areas, a 40,000 square foot heated pool complex, a five acre lake for boating, ziplines, high and low ropes courses, climbing walls and more, working at camp is not just a great experience but also a lot of FUN! SLDC offers lifeguard certification courses and certification in each Adventure Challenge component at the camp. Shirts and lunch included. Transportation may also be available. Applications are online at www.sldc.com .
Stevens Institute of Technology, Pre College Summer Programs	www.stevens.edu/summer	You may not know exactly what you want to do yet, but you know whatever it is, it's going to be big. When you enroll in a pre-college program at Stevens, you can explore your ideas and interests in a pressure-free, inspiring academic environment that welcomes big thinkers. What distinguishes our pre-college programs from others is that you get to create something from start to finish: a business plan, a video game, an investment portfolio, a short animation. Yes, you'll leave with a stronger college application, you'll try out a potential major, get a taste of what campus life is really like and make some new friends. But: designing your own portfolio project with cutting-edge technology...in state-of-the-art facilities...while studying alongside our exceptional and talented faculty...while exploring New York City? Only at Stevens!

Summer Discovery	www.summerdiscovery.com	Summer Discovery provides pre-college summer programs for high school students on 14 top universities.
Summerfuel	www.summerfuel.com	Summerfuel offers a range of academic, residential summer programs for current 8th through 11th grade students. From Pre-College and SAT Prep programs around the US, to Art, Design & Technology programs, Business, Language & Cultural Immersion, and more - there is something for everyone.
Susquehanna University Summer High School Programs	https://www.susqu.edu/academics/summer-high-school-programs	13 week-long residential programs for high school students, each focused on a specific academic area and run by Susquehanna University faculty/staff; Programs: #GOMedia, Actors Institute, Choral Institute, Exploring Legal Careers, i-Engineer, LIFE (Leadership Institute for Entrepreneurship), Publishing & Editing Institute, Stream Ecology Institute, Strings & Keyboard Institute, Summer Writers Workshop, Sustainability 101: Building a Resilient World, Wall St. Susquehanna, Wind Ensemble Institute
The Experiment in International Living	https://www.experiment.org/	The Experiment in International Living is the most experienced provider of summer abroad programs for high school students. For more than 85 years, our immersive programs have allowed participants to explore the world in an authentic and impactful way, while developing enduring friendships through cultural experiences and homestays.
